Ex. 5 - Deliberative Process

Typically, **stationary sources** that are permitted by the State in the Upper Green River Basin (UGRB) ozone nonattainment area, are permitted under WAQSR Chapter 6 and the State's 2008 Interim Policy for sources in the UGRB. In order to meet the requirements of WAQSR Chapter 6 and the 2008 Interim Policy, the permit requestor typically elects to fully offset the emissions from the stationary source.
